

# Euro African Logistics, overview

---

Since 2006, offering tailored lifting solutions to our customers in Europe, Gabon, Congo, Angola and West Africa region.

Our companies propose the design and manufacture of slings, test, socketing and a supply of a wide range of lifting items: steel cable, rotating steel cable, shackles, textile slings, hooks, lifting and mooring chains, polypropylene ropes and other lifting accessories.

We can also provide qualified technicians directly on site.

E.A.L. provide products designed according to Europeans standards with traceability and certification.

Our Machinery includes :

- 3 presses of 600 T (Port-Gentil, Pointe-Noire and Angola)
- 1 Press of 300 T (Port-Gentil)
- 2 Presses of 1250 T at Pointe-Noire and Port-Gentil
- 2 test benches of 100 T equipped with computer sensors and certification recorders (Port-Gentil and Pointe-Noire)
- Wide range of items
